FYI - decision was made to postpone the announcement of the satellite IG office until later when we can couple it with other UOF reforms. There's still some work to be done on this, including finding and solidifying a location.

Sorry for any inconvenience.

Chief, Mark:

just to sync up, Mark and I spoke this am with Eileen and agreed that on Thursday it can be announced that :

- when COVID allows, the IG's office will be formally launching a satellite office in SoLA with some capacity for in-person report-taking and meetings.
- staffed 2 days per week, and demand signal and efficacy will be reviewed after 6 months
- (need location to announce. I thought you had a place in mind Chief? I need ITA to start work)

Thanks,

Jeff
